### **Choose the right time to start the search for your dream location for wedding ceremony and celebration**

After you have decided on a date, you should choose your location for the church or civil ceremony, as well as the hotel, at least 1 year in advance. For particularly popular or special dates, we advise even earlier planning. Important: Discuss your desired date with family and friends so that all your loved ones can be a part of your most important day.

### **Create a guest list**

Until a preliminary guest list is in place, you can't decide on the perfect location. The Walliserhof Grand-Hotel & Spa offers facilities for up to 300 people..

### **Find the perfect location for your wedding celebration**

The aperitif as well as the wedding dinner should take place in a place you have dreamed of all your life, a place for example with which you associate very special memories. It is important that you "the bride and groom" feel secure.

The size and location of the venue, as well as the infrastructure of the site, play a very crucial role in addition to all this. If you plan the aperitif near the location for your wedding dinner, you do not have to worry about the transportation of the guests.

The Walliserhof Grand-Hotel & Spa offers the perfect setting for an al fresco aperitif followed by a wedding dinner. Even more fancy? Find a beautiful spot for your aperitif in the breathtaking glacier world of Saas-Fee.

## **Decide on a theme or color for the design of your banquet hall**

Couples face a big challenge when planning your wedding celebration. If a special motto or even a color connects you and appeals particularly, use this for your most important day. Besides seating style (U-shape, round tables, rows of tables, etc.), the decoration plays an important role and influences the atmosphere.

## **Choose a wedding menu according to your taste**

The wedding dinner you will remember forever. Therefore, it is important that it tastes best to you. If you have an unusual idea, it is recommended to serve a multi-course menu (for example, 6 courses) with at least 3 "basics". In this way you will surely meet the taste of your family and friends. A children's menu or buffet for the little ones is also very fashionable. Discuss your wedding menu directly with our chef.

Think also about allergy sufferers, vegetarians and vegans.

## **Find the right wine for your menu**

Make a pre-selection with our wine expert and taste the wines at the tasting dinner.

## **Set yourself a budget**

Think about how much you want to invest in your wedding celebration. Prices for location, aperitif and food vary depending on the season and wishes.

## **Choose a form of entertainment for your wedding reception**

Live music, DJ, magician, show. Everything is possible. Think carefully about the atmosphere in which you want to enjoy your aperitif and wedding dinner and then finish the evening.

"The music sets the tone"

Offer your guests fun and entertainment in a healthy measure. After all, you want to keep your most important day together in grand memories. Important: When choosing a musician or band, do a trial performance a few weeks before the event.

When making your selection, pay attention to the cost of travel, sound system and playing time.

## **Think of a giveaway that will make your guests think back to your big day forever**

You don't have to invest much to hit the bull's eye here. Be creative.

"Less is more"

## **Choose a toastmaster**

The toastmaster will make sure that you can enjoy your wedding day to the fullest. He creates a schedule that should harmonize with the service plan. The contact person on your most beautiful day is not you, but your toastmaster. Choose a person that you both trust blindly.

*"Love is just a word until someone comes along,  
who gives it meaning."*
